

Online Hip Hop Dance for All Schools!

Students learn the basics of dance, hip hop, and choreography through an engaging online class. Daily warm-ups and dance game time create a fun learning environment through the Zoom online platform. Enrollment is limited to maximize instructor and student engagement and is offered on a first come first served basis.

Our Hip Hop classes have been traditionally offered after school on campuses throughout Pacifica and beyond. Our Hip Hop class levels indicate a grade level as well as an age to allow continuing families to best identify the online class level for their student, based on the class they may have previously participated in at their child's school.

Online Hip Hop Dance!
