

ThinkBridge Summer Camp 2021 –

An exciting Pacifica Summer Camp for curious kids grades 1st through 6th.

This summer, it's time to think, create, and innovate!

ThinkBridge Summer Camp encourages young minds to analyze, design, have fun, and creatively solve problems. Our highly experienced Pacifica School District certified teachers offer creative and problem-solving activities. Our technology experts offer a STEM Design Lab featuring computer and robotics programming. The games program uses chess/games and K'Nex building shapes to learn game strategy and inspire creative design. Our music specialist prepare our campers for our annual musical performance during our Camp Open House.
